## Team Prayer Cards for Short-Term Missions

## Raising support for short-term mission teams just got easier!

Every year, thousands of mission teams take the Gospel of Jesus Christ around the world. The challenge for individuals on those teams is raising the prayer and financial support they need.

That's why Creative Plus is introducing a new idea: TEAM cards.

Team Cards are an easy and inexpensive tool to give to potential and dedicated supporters. Each professionally designed card features:

- ◆ team photo
- ◆ individual photo
- ◆ prayer and support information
- ◆ your trip details (when, where, who....)

While introducing your group project, individualized team cards also emphasize the reason the supporter is involved—because of the individual he or she knows.

## TEAM Cards are an effective tool!

Customized cards for each team member help you maintain a cohesive, professional look for your team at a minimal cost per person.

# YOUR GROUP PHOTO

All group photos should be

**SQUARE**

- ◆ Wear solid colors, so supporters notice your faces more than the clothing.
- ◆ Position team members so the photo can be cropped into a square frame.
- ◆ Choose a setting and time of day that eliminates bright light and shadows; look for even lighting on each person's face.

Use a digital camera of at least a 3.1 mega pixel resolution.\*\*

# ADD IT UP ...

Here's an example of how to calculate the cost for your team cards. We'll use the card shown here as an example.

There are 17 members on this team. Let's assume each member needs 35 cards and the team wants about 100 team cards. That comes to 695, so they'll need to order 700 total cards.

**\* Basic Price for 700 cards: \$297**

The basic setup cost includes up to 10 team members and an online proof of each card.

**Setup/Proof: \$50**

This team has 17 members. The setup includes the first 10, so add \$10 each for the 7 additional team members.

**Additional Members: \$70**

You're almost done! Just add the cost of shipping. (NC teams, please also add state tax.)

**Shipping to TN: \$8**

**Total: \$425**

# INFORMATION FOR THE CARDS

Every card will have the same general information - who, what, where and when, maps, flags, or other graphics as determined by your team leaders.

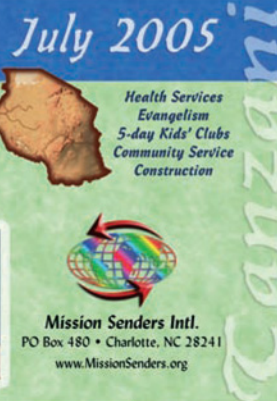

Individual cards will also include the team member's photo, name and other info as determined by the team's leaders.

# INDIVIDUAL PHOTOS

Individual photos should focus on the head and shoulders. Taking these photos at the time of the group photo may save a lot of leg work later!

Use a digital camera (3.1 mega pixel or more) and save your photo files as "Firstname.Lastname.jpg"

**That's only \$25 per team member!**

Contact Creative Plus today to let us help you multiply your effectiveness for short-term missions!
